3. Collection, Use and Disclosure of Personal Data

3.1 We generally collect personal data that

- (a) you knowingly and voluntarily provide in the course of or in connection with your job application with us, or via a third party who has been duly authorised by you to disclose your personal data to us (your "authorised representative", which may include your job placement agent and character referees), after (i)

you (or your authorised representative) have been notified of the purposes for which the data is collected, and (ii) you (or your authorised representative) have provided written consent to the collection and usage of your personal data for those purposes; or

(b) collection and use of personal data without consent is permitted or required by the PDPA or other laws.

3.2 We shall seek your consent before collecting any additional personal data and before using your personal data for a purpose which has not been notified to you (except where permitted or authorised by law).

3.3 Your personal data will be collected and used by us for the following purposes and we may disclose your personal data to third parties where necessary for the following purposes:

(a) assessing and evaluating your suitability for employment in any current or prospective position within the organisation;

(b) verifying your identity and the accuracy of your personal details and other information provided;

(c) administrative and human resources related matters within our organisation, including determining a potential salary offer and granting access to our premises for interviews;

(f) facilitating our compliance with any laws, customs and regulations which may be applicable to us.

3.4 The purposes listed in the above clauses may continue to apply even in situations where your engagement with us has ended or altered in any way, for a reasonable period thereafter (including, where applicable, a period to enable us to re-assessing and re-evaluating your suitability for employment in any current or prospective position).

4. Withdrawing Collection, Use and Disclosure of Personal Data

4.1 The consent that you provide for the collection, use and disclosure of your personal data will remain valid until such time it is being withdrawn by you in writing. You may withdraw consent and request us to stop using and/or disclosing your personal data for any or all of the purposes listed above by submitting your request in writing to our Human Capital Group at the contact details provided below.

4.2 Upon receipt of your written request to withdraw your consent, we may require reasonable time (depending on the complexity of the request and its impact on our engagement with you) for your request to be processed and for us to notify you of the consequences of us acceding to the same, including any legal consequences which may affect your rights and liabilities to us.

4.3 Whilst we respect your decision to withdraw your consent, please note that depending on the nature and extent of your request, we may not be in a position to process your job application (as the case may be). We shall, in such circumstances, notify you before completing the processing of your request (as outlined above). Should you decide to cancel your withdrawal of consent, please inform us in writing in the manner described in clause 4.1 above.

4.4 Please note that withdrawing consent does not affect our right to continue to collect, use and disclose personal data where such collection, use and disclose without consent is permitted or required under applicable laws.

5. Access to and Correction of Personal Data

5.1 If you wish to make

(a) an access request for access to a copy of the personal data which we hold about you or information about the ways in which we use or disclose your personal data; or

(b) a correction request to correct or update any of your personal data which we hold,

you may submit your request in writing to our Human Capital Group at the contact details provided below.

5.2 Please note that a reasonable fee may be charged for an access request. If so, we will inform you of the fee before processing your request.

5.3 We will respond to your access request as soon as reasonably possible. Should we not be able to respond to your access request within thirty (30) days after receiving your access request, we will inform you in writing within thirty (30) days of the time by which we will be able to respond to your request. If we are unable to provide you with any personal data or to make a correction requested by you, we shall generally inform you of the reasons why we are unable to do so (except where we are not required to do so under the PDPA).

5.4 Please note that depending on the request that is being made, we will only need to provide you with access to the personal data contained in the documents requested, and not to the entire documents themselves. In those cases, it may be appropriate for us to simply provide you with confirmation of the personal data that our organisation has on record, if the record of your personal data forms a negligible part of the document.

6. Protection of Personal Data

6.1 To safeguard your personal data from unauthorised access, collection, use, disclosure, copying, modification, disposal or similar risks, we have introduced appropriate administrative, physical and technical measures such as up-to-date antivirus protection, encryption and the use of privacy filters to secure all storage and transmission of personal data by us, and disclosing personal data both internally and to our affiliated companies, authorised third party service providers and agents only on a need-to-know basis.

6.2 You should be aware, however, that no method of transmission over the Internet or method of electronic storage is completely secure. While security cannot be guaranteed, we strive to protect the security of your information and are constantly reviewing and enhancing our information security measures.

7. Accuracy of Personal Data

7.1 We generally rely on personal data provided by you (or your authorised representative). In order to ensure that your personal data is current, complete and accurate, please update us if there are changes to your personal data by informing our Human Capital Group in writing at the contact details provided below.

8. Retention of Personal Data

8.1 We may retain your personal data for as long as it is necessary to fulfil the purposes for which they were collected, or as required or permitted by applicable laws.

8.2 We will cease to retain your personal data or remove the means by which the data can be associated with you, as soon as it is reasonable to assume that such retention no longer serves the purposes for which the personal data were collected, and are no longer necessary for legal or business purposes.

9. Transfer of Personal Data Outside of Singapore

9.1 Your personal data may be transferred to countries outside of Singapore to other affiliated

companies within the Hitachi group or to other third parties, where necessary or appropriate for human resources administration, compensation-related activities and compensation analysis, data management and consolidated and recruitment purposes. We will take steps to ensure that your personal data continues to receive a standard of protection that is at least comparable to that provided under the PDPA.
